

**MONTHLY**  
**HIGHLIGHTS**  
**JULY-2022**

United Council of Churches (UCC) family is cherishing and enjoying many blessings from God Almighty as we work with faith and in humility for the deprived communities in Pakistan.

The board members, management and staff of United Council of Churches are realistic about the task that lies ahead of us. The sheer magnitude of the development challenges in Pakistan can be quite overwhelming; we are doing only a little of what is actually required. There is great joy and satisfaction in doing a little and doing it well. We know that others need to step forward and so we endeavor to equip and empower communities to plan and manage change.

United Council of Churches recognizes both the potential of youth and the tremendous obstacles they face in terms of realizing that potential. Our organization is highly committed to providing opportunities to all youth, regardless of caste and creed, with exposure and skills necessary to build a better future for themselves and subsequent generations. We are dedicated to developing the leaders and pioneers of tomorrow.

None of what we have managed to contribute thus far would be possible without the support and confidence of our donors and well-wishers. On behalf of the team and the Board, I take this opportunity to thank them for their trust and understanding. I thank my team for their ownership of United Council of Churches' vision and their responsible stewardship of the resources provided by our donors, near and far. I feel confident that the coming year will bring more opportunities to bring hope, love and light into the lives of our brothers and sisters in need across the nation. May God always bless Pakistan and may God Always bless each and every one of you and all those whom you love.
