United Council of Churches (UCC) family is cherishing and enjoying many blessings from God Almighty as we work with faith and in humility for the deprived communities in Pakistan.

The board members, management and staff of United Council of Churches are realistic about the task that lies ahead of us. The sheer magnitude of the development challenges in Pakistan can be quite overwhelming; we are doing only a little of what is actually required.

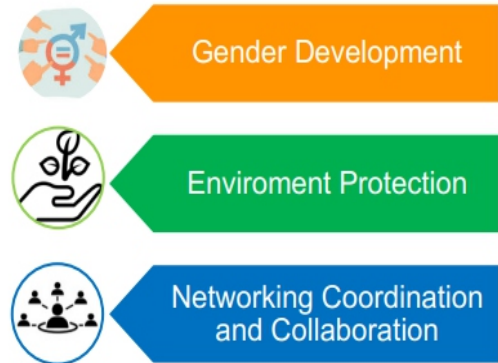

There is great joy and satisfaction in doing a little and doing it well.

We know that others need to step forward and so we endeavor to equip and empower communities to plan and manage change.

## TRAGIC INCIDENT IN SARGODHA

United Council of Churches stands against the recent tragic incident in Sargodha, where a Christian family's home and factory were torched by a mob over blasphemy accusations. This act of violence, caught on video, shows the dire need for protection and justice for our Christian community. It's encouraging that national newspapers are highlighting this issue. We must demand an end to such senseless violence and hold perpetrators accountable. It's time for decisive action to ensure safety and justice for all.
